

WORLD PREMIER

All-weather Outdoor Television Entertainment!

Mirage Outdoor Concepts has designed an all-weather permanent outdoor flat panel LCD TV's for both residential and commercial applications. Homeowners can now enjoy watching television from the comfort of their own backyards. With the new MirageVision™ TV, business owners can entertain guests, as well as provide informational updates in a visible outdoor venue.

HOME APPLICATIONS

Remember when you used to have to drag the television set to the backyard, along with a long extension cord and a table in order to enjoy watching TV outdoors? Imagine relaxing to your favorite TV show in the comfort of your back patio, pool terrace, gazebo, or lanai. Ever thrown a pool party or barbeque and wished your family and friends could enjoy the baseball game or a Nascar race, while mingling and enjoying a great time?! Well, wish no more! With the MirageVision™ your dreams can become a reality!

BUSINESS APPLICATIONS

As a business owner, can you envision flat panel LCD TV's hanging in each of your poolside cabanas? How about on your hotel balconies? Guests could be enjoying the sunset, while catching up the daily news. What about restaurant terraces, outdoor cocktail lounges or in other outdoor business venues? Each of these areas provides the perfect setting to mingle and will aid in striking up a conversation!

Want to save on map printing costs at your amusement park? Have MirageVision™ TV displays strategically located throughout the park, scrolling highlights of the park, tour times, maps, dining & more!

Our all-weather aluminum enclosure protects all internal components from all types of weather, dirt and elements.
